TONIGHT (12 NOV) Marine Rescue have a new home!!

Mitch Harvey (pictured at right) is the deputy unit commander of our local Marine Rescue and a young man well known to our Rotary Club from his time at Woolgoolga High School. Mitch is coming along to tell us about Marine Rescue's new building at Arrawarra Headland. They have just taken possession of the keys and a new adventure is about to begin as the unit moves to its new home.

MONDAY (22 OCT) (for those who missed it) it was AMAZING! What a crazy mixture of interesting talks...great fun. We heard about "the Mozart Effect and grammar of mental activity", Victorian Crazy Quilting and its connection to spiders as well as some lace that had an interesting past (had to be there!!), a near miss car accident, a "cheeky" elephant in Botswana, unusual things about identical twins, cross cultural communication between kids (no language necessary), a potential new

project to honour one of our local citizens, the Gaelic language and its history (accompanied by the obligatory Irish joke), a "handy" birthday surprise and Nauru asylum seekers, the enormous challenge of herding cats (hard to beat that one!!), Rose Light and her violin and the "interesting" things facebook data can tell you about people who see your facebook posts. SEE...you REALLY had to be there!! Look what you missed!!

LAST AUCTION (3 NOV)

Our helpers were the Lower Bucca Pre-school. Norm, David and Pam held back their departures (all Victoria bound) until the following day and many hands made light work. A great group of helpers...unfortunately not as many buyers as we would have liked...partly due to many competing things on the same day and the great warm weather. Big thanks to our raffle ticket sellers who on the day raised over \$150. Still time to get a ticket at next meeting when the raffle will be drawn.....Note of caution, Dick has tickets in this one too!.

BIG THANKS

A very big thank you to Woopi Medical Centre in Market Street for donating working medical equipment to the Club after they upgraded their own equipment. The wheel chair will be auctioned locally, the defibrillator may be used locally or failing that donated to RAWCS for sending to a Pacific Islands hospital along with the Electrocardiograph equipment. Pam and David dropped the ECG off to Reg Pierce in Wauchope ready for RAWCS shipment.
